

Singleshaft shredder ZENO, type ZTLL 1400 x 1600, yoc 2010, 56,748 operating hours, drive power 45 kW, 52 pieces cutting crones 40 x 40 mm

The shredder was used for shredding nonwovens and needle felts etc. and is in good, immediately usable condition. The machine is being replaced by a larger shredder due to its low throughput capacity. The machine is currently still assembled and can be inspected under power.

Technical data shredder:

Manufacturer ZENO Zerkleinerungsmaschinenbau Norken GmbH

Type ZTLL 1400 x 1600

Year of construction 2010

Operating hours 56,748 hours

Inlet cross-section 1400 x 1600 mm

Main drive power 45 kW

Rated current 81 A

Hydraulic slide gate drive 2.2 kW

Rotor flight circle 380 mm

Rotor speed approx. 107 rpm

Number of cutting tools 52 knives, 40 x 40 mm, with tool holders

Screen perforation 40 mm

Weight approx. 5400 kg

Scope of delivery:

Only the shredder with control cabinet is for sale. The discharge conveyor belt and the air conveyor system are not included in the scope of delivery.

Remark:

The shredder was used for shredding nonwovens and needle felts etc. and is in good, immediately usable condition. The machine is being replaced by a larger shredder due to its low throughput capacity. The machine is currently still assembled and can be inspected under power.
